Attn: Mr. Rushford

Dear Mr. Field:

Attached is a copy of the portion of the DDS&T document on the SA-5 radars, as requested by Greg Rushford. It has been necessary to delete a few brief phrases in order to avoid any possibility of losing extremely sensitive and valuable sources. The deletions do not affect the sense of the paper. Mr. Rushford has read the unsanitized version of the document and is welcome to see it again if he wishes to refresh his memory.

Sincerely,
